**Skepsis and Antipolitics: The Alternative of  
Gustav Landauer**

Gustav Landauer was an unconventional anarchist who aspired to a return to a communal life. His antipolitical rejection of authoritarian assumptions is based on a radical linguistic scepticism that could be considered the theoretical premise of his anarchism. The present volume aims to add to the existing scholarship on Landauer by shedding new light on his work, focussing on the two interrelated notions of *skepsis* and *antipolitics*. In a time marked by a deep doubt concerning modern politics, Landauer's alternative can help us to more seriously address the struggle for a different articulation of our communitarian and ecological needs.
